Boeing 787 – Dreamliner

-  Air India is using one of the most modern passenger aircrafts of the world, the Dreamliner
-  The cabin pressure in a Boeing 787 is lower than on other airplanes, making a more pleasant flight.
-  The Dreamliner is using an innovative window luminosity which is adjustable to preferred light intensity; it turns from light to dark in just 60 seconds.
-  Our aircraft is composed by 256 seats (18 seats in Business Class and 238 seats in Economy)

Dreamliner Business Class

Seat pitch: 188 cm

Seat width: 51 cm

Seat recline: 180°

-  One-touch technology converts the seat into a 180° flat bed.
-  Each seat is ergonomically designed for optimum comfort.
-  Personal LCD screens, equipped with the Thales i8000 Entertainment System AVOD.

Dreamliner Economy Class

Seat pitch: 84 cm

Seat width: 44 cm

Seat recline: 16 cm

-  Personal LCD Screen with more than 250 hours of entertainment at every seat
-  Choice of meals: continental, Indian, vegetarian/non-vegetarian/vegan, etc.
-  Large selection of alcoholic and non-alcoholic beverage
